

9th Congress of Baltic Association of Surgeons
 10-12 May 2018
 Klaipėda, Lithuania

PRELIMINARY PROGRAMME

11 May 2018							
Time	Hall A	Time	Hall B	Time	Hall C	Time	Hall D
08:00	Registration (8:00-9:00)						
08:30	Registration (8:00-9:00)						
09:00	Congress Opening (9:00-9:30)						
Time	New technologies in surgery I (9:30-11:00)	Time	Nursing section (9:30-11:00)	Time	Breast surgery (9:30-11:00)	Time	Endoscopic surgery (09:30-11:00)
9:30-10:00	NMews in liver surgery. Prof. Peter Schemmer (Medical University Graz)	9:30-10:30	Development of Nursing Research and Practice in Europe Helena Leino-Kilpi, RN, PhD, Professor, University of Turku, Finland	9:30-9:50	Neoadjuvant treatment in breast cancer patients: diagnostic and surgical questions and challenges prof. Joerg Heil, Heidelberg University Hospital, Heidelberg, Germany	9:30-9:50	Is percutaneous cholecystostomy reasonable alternative for the treatment of acute cholecystitis? Povilas Ignatavicius (Lithuanian University of Health Sciences)
10:00-10:30	Bowel sparing strategies in Crohn's disease. Alessandro Fichera (University of North Carolina School of Medicine, USA)	10:30-11:30	Nursing in Baltic countries: situation and perspectives Natalja Fatkulina, RN, PhD, Professor, Vilnius University, Lithuania	9:50-10:05	Therapeutic and risk reductive surgery in BRCA1 carriers. Guidelines and single breast unit experience in Latvia (assoc. prof. Arvids Irmejs, Riga Stradins University, Riga, Latvia)	9:50-10:10	Preoperative Endoscopic Biliary Drainage May Negatively Impact Survival Following Pancreatoduodenectomy for Ampullary Cancer. Giedrius Barauskas (Lithuanian University of Health Sciences)
10:30-11:00	Chronic pancreatitis surgical management-R. Matthew Walsh (Cleveland Clinic, USA)			10:05-10:15	Breast reconstruction with microvascular MS-TRAM and DIEP flaps (Simonas Kaupas, Vilnius University Hospital Santaros Klinikos, Vilnius, Lithuania)	10:10-10:30	TBA
				10:15-11:00	Breast screening programme – mission possible? Baltic approach: • dr. Daiva Gudaviciene, National Cancer institute, Vilnius, Lithuania • assoc. prof. Arvids Irmejs, Riga Stradins University, Riga, Latvia • dr. Riina Kütner, The North Estonia Medical Centre, Tallin, Estonia Expert approach: • prof. Joerg Heil, Heidelberg University Hospital, Heidelberg, Germany	10:30-10:50	TBA
11:00-11:10	Discussions			11:00-11:10	Discussions	11:00-11:10	Discussions
	Coffee break (11:10-11:40)						

Time	New technologies in surgery II (11:40-12:50)	Time	Nursing section (11:40-13:30)	Time	Joint German- B0ltic section surgery (11:40-13:00)	Time	General surgery (11:40-13:30)
11:40-12:00	The implementation of MIS techniques in Polish Surgical Oncology. Prof. Wojciech Zegarsk (President of the Section of Innovative and Novel Surgical Techniques in Surgical Oncology of Polish Society of Surgical Oncology)	11:40-12:40	Nurses of the future and their role in building the healthcare of tomorrow Sigríður Gunnarsdóttir RN, PhD, Chief Nursing Officer, The National University Hospital of Iceland, Professor, University of Iceland	11:40-11:52	TAMIS: is there a real advantage? The Baltic view. Kestutis Strupas	11:40-12:00	Prediction of choledocholithiasis prior to laparoscopic cholecystectomy using original prognostic index. Ausra Aleknaite (Vilnius University Hospital Santaros Klinikos)
12:00-12:20	Medtronic satellite. Thermal ablation in the treatment of primary and metastatic liver cancer. Prof. Dariusz Zadrozny	12:40-13:00	Nursing research implementation Jūratė Macijauskienė, PhD, Professor, Lithuanian University of Health Sciences, Lithuania	11:52-12:04	TAMIS: is there a real advantage? The German view. Martin E. Kreis	12:00-12:20	Challenges in correct diagnosis of acute appendicitis. Raminta Lukšaitė (Vilnius University Hospital Santaros Klinikos)
12:20-12:40	What every surgeon should know about the new guidelines for prevention of SSI. Prof. David John Leaper	13:00-13:20	The prestige of Nurse profession: review of study results Andželika Zavackienė, RN, Head-nurse of Klaipėda Republic Hospital, Lithuania	12:04-12:10	Discussions	12:20-12:40	Multidisciplinary management of duodenal GIST in an obese patient: A Case Report. Tomas Vanagas (Hospital of Lithuanian University of Health Sciences, Kaunas, Lithuania)
12:40-12:50	Discussions						
	How I make it- video (12:50-13:30)	13:20-13:40	Links between Surgical Nurse Competence and Nurse Education. Viktorija Kielaitė, RN, PhD candidate, Assistant Professor, University of Turku, Finland, Vilnius University, Lithuania	12:10-12:22	All additive treatment first: pros and cons of a 6-month neoadjuvant therapy sequence. The Baltic view. Arturas Razbadauskas	12:40-13:00	Possibility of implementation of the enhanced recovery after surgery concept in the surgical treatment of elderly and senile age patients with acute obstructive colorectal cancer. Sizonenko N.A (S. M. Kirov Military Medical Academy, Saint Petersburg, Russia)
12:50-13:10	RCC: Inferior vena cava and right atrium tumor thrombectomy, a case report. Gediminas Vaitenas (Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)			12:22-12:34	All additive treatment first: pros and cons of a 6-month neoadjuvant therapy sequence. The Baltic view. Marco Sailer	13:00-13:20	TBA
13:10-13:30	Operating room nurse in the interventional cardiology and radiology- closer view. Natalja Jerdiakova (Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)			12:34-12:40	Discussions		
				12:40-12:52	Watchful waiting after neoadjuvant therapy: when is it justified? The Baltic view. Sergejs Lebedkovs		
				12:52-13:04	Watchful waiting after neoadjuvant therapy: when is it justified? The German view. Christian Müller		
13:30-13:40	Discussions	13:40-13:50	Discussions	13:04-13:10	Discussions	13:20-13:30	Discussions
Lunch (13:30-14:30)							
	Colorectal surgery (14:30-16:00)	Time	Nursing section (14:30-16:00)	Time	Vascular surgery (14:30-16:00)	Time	WORKSHOP (14:30-16:00)
14:30-14:50	The current status and future of Peritoneal Carcinomatosis treatment in Poland and central-east Europe. Prof. Maciej Nowacki (Poland)	14:30-15:15	Nursing Research and Practice in Latvia Kristaps Cicernis, PhD, Professor, Riga Stradins University, Latvia	14:30-14:50	The Application of a complex treatment for the hematoma after the repeated thigh blood vessel reconstruction surgery. Ingrida Asakiene (Vilnius University Hospital Santaros Klinikos)	14:30-14:50	
14:50-15:10	Does retrorectal tumors remain a challenge for surgeon? Eligijus Poškus (Vilnius University Hospital Santaros Clinics)	15:15-16:00	Nursing Research and Practice in Estonia Saina Hinno, PhD, Professor, Tartu College, Estonia	14:50-15:10	Surgical Treatment of Congenital Intramuscular Vascular Malformations. Birute Vaisnyte MD PhD (Vilnius University Hospital Santaros Klinikos)	14:50-15:10	

15:10-15:30	Cytoreductive surgery and hypertermic intraperitoneal chemotherapy for treatment of peritoneal carcinomatosis. Experience of Vilnius university hospital Santaros klinikos. Marius Paskonis (Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)			15:10-15:30	The Association of Preoperative Intrasac Abdominal Aortic Aneurysm Thrombus with Outcome Following EVAR. Arminas Skrebūnas (Vilnius University Hospital Santaros Klinikos)	15:10-15:30	WORKSHOP
15:30-15:50	The treatment of acute iatrogenic colonic perforation: 6 years experience . Tomas Mitkus (Klaipėda Seamen Hospital, Lithuania)			15:30-15:50		15:30-15:50	
15:50-16:00	Discussions	16:00-16:10	Discussions	15:50-16:00	Discussions	15:50-16:00	
Coffee break (16:00-16:30)							
Time	HPB (16:30-18:40)	Time	Nursing section (16:30-18:40)	Time	Breast surgery (16:30-18:40)	Time	Critically ill surgical patients (16:30-17:50) -
16:30-16:50	Pancreas cystic-lesions surgery. Prof. Ernst Klar (University Hospital Rostock, Germany)	16:30-17:00	Mindfulness based stress reduction: a tool for full catastrophe living Rūta Muranovaitė, Lithuania	16:30-16:40	Breast cancer database - a useful tool or pain in... Developments in breast surgery (dr. Riina Kūtner, The North Estonia Medical Centre, Tallin, Estonia)	16:30-16:50	Aspects of infusion therapy. Andrius Klimašauskas (Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)
16:50-17:10	Does the etiology influence the primary outcomes of acute pancreatitis? Povilas Ignatavičius (Lithuanian University of Health Sciences)	17:00-17:30	Patients information needs about anesthesia Lina Gedrimė, RN, PhD candidate, University of Turku, Finland, Klaipėda University, Lithuania	16:40-16:50	Management of breast abscesses (Peteris Loza, Riga Stradins University, Riga, Latvia)	16:50-17:10	Clinical nutrition of critically ill surgical patients. Gintautas Kėkštys (Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)
17:10-17:30	Liver resection vs transplantation for hepatocellular carcinoma. Single center experience. Kestutis Strupas (Vilnius University Hospital Santaros Klinikos)	17:30-18:00	Advanced practice nursing in Operating Theatre Room Daiva Didvalė, RN, Lithuanian University of Health Sciences	16:50-17:00	Are breast microcalcifications and DCIS Pandora's box? (Algirdas Kasiliauskas, Klaipėda, Lithuania)	17:10-17:30	Antibiotics in surgery. Ingrida Lisauskienė (Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)
17:30-17:50	Factors Influencing Survival after Pancreatoduodenectomy for Ductal Adenocarcinoma Depend on Patients' Age. Kestutis Urbonas (Lithuanian University of Health Sciences)			17:00-17:10	Mirror, mirror, on the wall, make my breast at once restored (assoc. prof. Agne Cizauskaite, Klaipėda University Hospital, Klaipėda, Lithuania/ Donatas Petrauskas, Klaipėda University Hospital, Klaipėda, Lithuania)	17:30-17:50	End of life. Linas Taminskas (Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)
17:50-18:10	Percutaneous transhepatic biliary drainage - first step in the palliative treatment of malignant biliary obstruction? Romualdas Riauka (, Lithuanian University of Health Sciences, Kaunas, Lithuania)			17:10-18:40	BARD® breast vacuum biopsy workshop (prof. Joerg Heil, Heidelberg University Hospital, Heidelberg, Germany)		
18:10-18:30	Laparoscopic distal resection of the pancreas. Can be all resections of body and tail of the pancreas called the same? Audrius Šileikis (Vilnius university, Faculty of medicine)						
18:30-18:40	Discussions	18:30-18:40	Discussions			17:50-18:10	Discussions
12 May 2018							
	Hall A		Hall B		Hall C		
Time	Endoscopic surgery (9:00-10:30)	Time	Nursing section (9:00-10:30)	Time	Young Investigators (9:00-10:40)		Bariatric surgery (9:00-10:30)

9:00-9:20	The diagnosis of papillary thyroid cancer in cytologically indeterminate thyroid nodules. Augustinas Beiša (Vilnius University Hospital Santaros Klinikos)	9:00-9:30	Patient safety in Operating Room Natalja Jerdiakova, RN, Lecturer, Vilnius University, Lithuania	9:00-9:15	Heat Shock Proteins: A Novel Diagnostic Target In Ethanol Induced Acute Severe Pancreatitis. Aiste Gulla (Vilnius University, Faculty of Medicine, Institute of Clinical Medicine/ Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)	9:00-9:15	Presentation of current situation in Bariatric surgery in Estonia (A.Trudnikov), Latvia (I.Troickis), Lithuania (G.Brimas, N.Kaselis)
9:20-9:40	Thyroid cancer. How to reduce the number of diagnostic thyroidectomies? Virgilijus Beiša (Vilnius University Hospital Santaros Klinikos)	9:30-9:50	Infection Control in Operating Room Zita Gierasimovič, RN, PhD, Assistant Professor, Vilnius University, Lithuania	9:15-9:30	Moving Toward A Non-Invasive Screening Tool For Acute Severe Pancreatitis. Julija Razumiene, Aiste Gulla (Vilnius University, Faculty of Medicine, Institute of Clinical Medicine/ Vilnius University Hospital, "Santaros Klinikos", Vilnius, Lithuania)	9:00-9:45	Great Bariatric debate Sleeve vs Gastric bypass Sleeve (10 min presentation + 2 min rebuttal) (T.Sillakivi, Estonia) Bypass (10 min presentation + 2 min rebuttal) (A.Maleckas, Lithuania) Questions and auditorium vote
9:40-10:00	The diagnosis of papillary thyroid cancer in cytologically indeterminate thyroid nodules. Augustinas Beiša (Vilnius University Hospital Santaros Klinikos)	9:50-10:10	Peculiarities of intensive care nurse work Vera Gerasimčik-Pulko, RN, Vilnius University Hospital, Santaros Clinics, Lithuania	9:30-9:45	How severe is moderately severe acute pancreatitis? Zilvinas Dambrasukas (Lithuanian University of Health Sciences and Kaunas Clinics, Lithuania)	9:45-10:05	The role of malabsorptive surgery in the treatment of morbid obesity (Y.Yashkov, Russia or M.Sundbom, Sweden)
10:00-10:20	Thyroid cancer. How to reduce the number of diagnostic thyroidectomies? Virgilijus Beiša (Vilnius University Hospital Santaros Klinikos)	10:10-10:30	Satellite symposium	9:45-10:00	Heme oxygenase-1 gene promoter polymorphism is associated with the development of necrotizing acute pancreatitis. Zilvinas Dambrasukas (Lithuanian University of Health Sciences and Kaunas Clinics, Lithuania)	10:05-10:25	How to avoid complications in bariatric surgery? (Latvian speaker)
				10:00-10:15	HuR mediated post-tranlional regulation of HO-1 and inhibitors of apoptosis proteins is associated with the poor clinical outcomes among patients with pancreatic cancer. Ausra Urboniene (Lithuanian University of Health Sciences, Kaunas, Lithuania)		
				10:15-10:30	Narrow Line Between Benefit and Harm: Additivity of Hyperthermia to Cisplatin Cytotoxicity in Different Gastrointestinal Cancer Cells. Antanas Gulbinas		
10:20-10:30	Discussions	10:30-10:40	Discussions	10:30-10:40	Discussions	10:25-10:35	Discussions
Coffee break (10:30-11:00)							
Time	Surgery endocrine (11:00-12:30)	Time	Nursing section (11:00-12:30)	Time	Trauma and emergency section (11:00-12:30)	Time	Health care management (11:00-12:30)
11:00-11:20	Thoracoscopic approach in the treatment of ectopic thymic parathyroid adenoma. Neringa Pranskeviciute (Institute of Clinical Medicine of the Faculty of Medicine of Vilnius University)	11:00-11:20	Pathways in Surgical Nursing Odeta Vitkūnienė, RN, PhD candidate, Lithuanian University of Health Sciences	11:00-11:20	Trauma care performance assessment in Lithuania, 2007 – 2012: still long way to go. Zilvinas Dambrasukas (Lithuanian University of Health Sciences and Kaunas Clinics, Lithuania)	11:00-11:45	The role of the chief nurses-an example from Iceland Sigríður Gunnarsdóttir RN, PhD, Chief Nursing Officer, The National University Hospital of Iceland Professor, University of Iceland
11:20-11:40	Could the safety of thyroid operations be improved? Assessing the feasibility of intraoperative vocal cord ultrasonography in identifying vocal cords movement and reducing the risk of bilateral palsy. Data from prospective trial. Andrius Rybakovas (Vilnius University Hospital Santaros Klinikos)	11:20-11:40	Patient safety from nurse perspective Indrė Brasaitė, RN, PhD, Klaipėda University, Lithuania	11:20-11:40	Treatment results of trauma patients. Mantas Jokubauskas (Lithuanian University of Health Sciences , Kaunas, Lithuania)	11:20-11:40	The links between Nurse Empowerment and Nurse Competence and factors associated Natalja Fatkulina (Istomina), RN, PhD, Professor, Director of Institute of Health Sciences, Vilnius University
	Various (12:00-12:50)	11:40-12:30	Panel discussion. Future of Surgical Nursing in Baltic States.	11:40-12:00	HybridLab: the new blended learning platform for self-directed medical simulation in the effective development of the technical and non-technical competences. Povilas Ignatavicius (Lithuanian University of Health Sciences)	11:40-12:00	Organizational culture. Danguolė Jankauskienė

12:00-12:20	AN UNUSUAL LOCATION OF EXTRAOSSEOUS EWING SARCOMA: A CASE REPORT. Lina Pankratjevaite (Hospital of Lithuanian University of Health Sciences, Kaunas, Lithuania)					12:00-12:20	Unwanted events at surgery units. Prof. V. Janusonis (Klaipeda university hospital)
12:20-12:40	Paratesticular atypical lipomatous tumour (well-differentiated liposarcoma). Case report. A. Uksov (South-Estonian Hospital)						
12:40-12:50	Discussions	12:30-12:40	Discussions	12:00-12:10	Discussions	12:20-12:30	Discussions
Coffee break 12:30-13:00							
Closing remarks (13:30)
